BATTERY LIFE

Greenlight Planet's Sun King™ Home 60 is a complete solar-powered lamp system. It features 3 overhead lamps with individual wall-mountable switches to light up your entire home. Equipped with powerful Lithium Ferro-Phosphate battery, each lamp provides a continuous 24 hours of light* on a single day's charge. The USB port helps charge your digital devices any time of day. What's more, the lamp system comes with a 5-year battery life and a 2-year warranty. With so many features packed into one, Sun King™ Home 60 is a must have personal power grid for all.

LIGHT RUNTIME AFTER ONE SUNNY DAY OF SOLAR CHARGING

HOME 60

Low Power Mode	20 lumens	24 hrs
Normal Mode	50 lumens	10 hrs
Turbo Mode	100 lumens	5 hrs

*Conditions apply for normal use in optimal scenarios

UNBEATABLE SOLAR PANEL DURABILITY

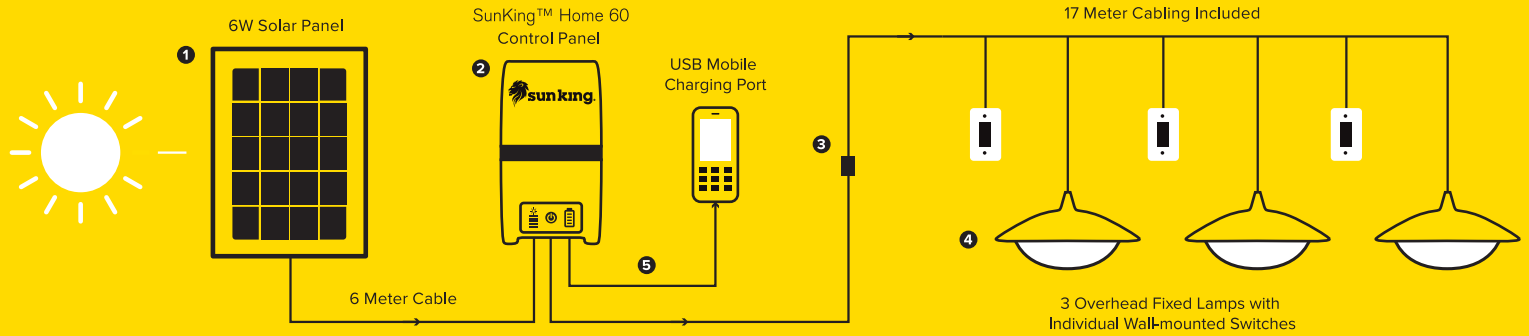

Unlike other products in its price range, Sun King™ Home 60 System uses a detachable solar panel with a repairable junction box, and a five-meter cable. The 6W, aluminum-framed, industrial-grade glass protected solar panel is far more durable than alternatives based on polycarbonate or epoxy encapsulation, both of which degrade quickly in harsh environments.

REVOLUTIONARY BATTERIES

Unlike lamps using cheaper, short-lifetime lead-acid or Ni-Cad batteries, Sun King™ Home 60 System's LFP battery lasts for five years before replacement.

BREAKTHROUGH DURABILITY

Drop it, stomp it, or splash it. From its water-sealed, nearly unbreakable polycarbonate shell, to its industrial-grade, aluminum-framed solar panel and durable steel stand, Sun King™ Home 60 System is built to last in tough environments. Its longer-lasting, quality-tested components set the gold standard for its product lifetime.

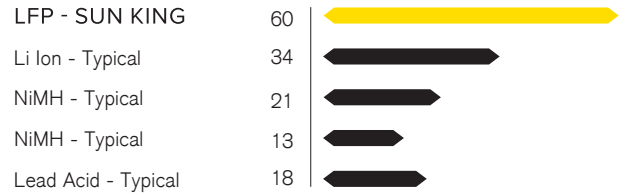

SUN KING™ HOME 60 TECHNICAL SPECIFICATIONS

HOME 60

LED Power LEDs With 333 Lumens Total Flux (100 Lumens Per Watt). Minimum Power Efficacy: 160 Lumens Per Watt.
Battery 6000 mAh, 3.3 Volt Lithium Ferro-Phosphate (LFP) Battery.
Solar Panel 6 Watt, 5.8 Volt Polycrystalline Solar Panel With Aluminium Frame And 6-meter Wire.
Enclosure Rugged ABS and polycarbonate plastic, IP rating: IP21.
Battery Indicator Digital LED meter to display the remaining battery power.
Solar Charge Indicator Digital LED meter to display charge effectiveness on a scale of 1 to 5, to help optimise solar panel placement.
Power Control Battery management technology automatically switches the lamps to low-power mode when battery is running dry, yielding hours of additional light.

BATTERY LIFE (IN MONTHS)

SMART ELECTRONICS

- Phone Charger**
 Equipped with high energy storage capacity and a USB charging port
- Hanging Lamps**
 Wall-mountable light switches to control light intensity
- Charge Meter**
 LED charging meter displays charging power from 1 to 5 to help place the solar panel properly
- Day & Night Charging**
 Day or night charging works with nearly all phones; 3 most common adaptors included

HAPPY USERS, AROUND THE WORLD

Present in 40+ countries, the Sun King™ family of products addresses immediate needs of households without electricity around the world. High production quality and attention to durability ensure that Sun King™ customers can enjoy the reliable performance for years and years around the world, the Sun King™ family strives to create an environment that empowers users to reach their potential and grow into happier, healthier and more productive people. #SunKing

ENERGY EVERYONE CAN AFFORD
