CHARGING

Greenlight Planet's Sun King™ Pro 400 is the industry's gold standard for solar lanterns with mobile charging capability. This brilliant lantern shines up to 40X brighter than kerosene lamps - at 400 lumens - and packs high charging capacity for mobile devices, all thanks to its large battery, large solar panel and efficient LEDs. Finally, despite its high performance and premium build quality, the Sun King™ Pro 400 comes at an affordable price. Get things done, at home or at work, day and night, with our most powerful lantern yet.

LIGHT RUNTIME AFTER ONE SUNNY DAY OF SOLAR CHARGING

PRO 400

Turbo Mode	400 Lumens	5 Hrs
Normal Mode	150 Lumens	12 Hrs
Low Power Mode	25 Lumens	100 Hrs

*Conditions apply for normal use in optimal scenarios

LIGHT

Designed to shine at 40X the brightness of kerosene for over 6 hours, with a whopping 100 hours at its lowest brightness setting after a single day of charge, the Sun King™ Pro 400 ensures maximum satisfaction for even the most demanding users when outdoors.

With its warm temperature LED light, Sun King™ Pro 400 is the ideal lamp to light up the house while studying, cooking or doing any work at night.

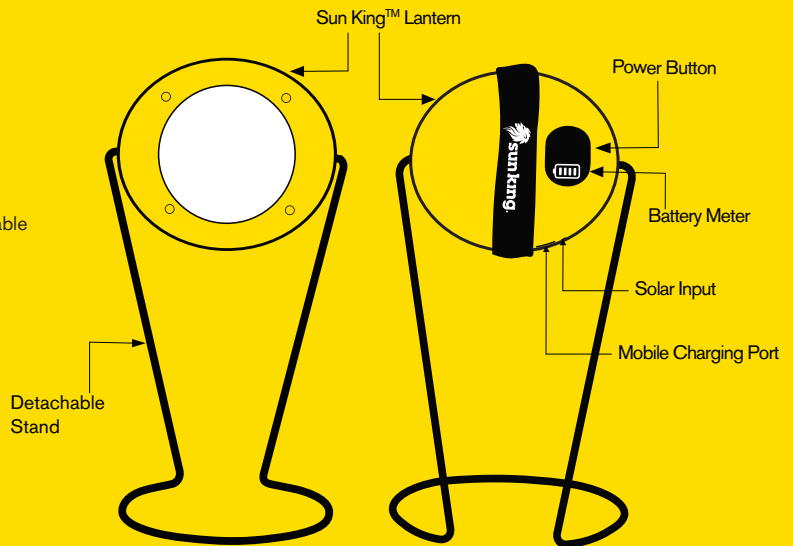

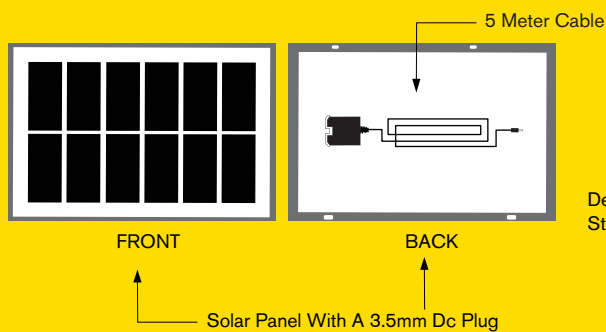

SMART USB PHONE CHARGING

Sun King™ Pro 400 equipped with a universal, 5 volt USB phone charging port and a large capacity battery enabling users to charge more phones or USB-powered devices day or night (lamp to phone).

Equipped with several phone adapters, users can charge nearly any type of mobile phone.

PRICING

Sun King™ Pro 400 is a premium quality product at an affordable price, in keeping with the Sun King brand promise.

SUN KING™ PRO 400 TECHNICAL SPECIFICATIONS

PRO 400

LED
Power LED with 400 Lumens

Battery
5,100 mAh, 3.7 volt, NMC > 1000 cycle-life

Solar Panel
5.5 Watt, polycrystalline solar panel with aluminium frame and a 5 meter rodent resistant cable.

Enclosure
Keep away from water. In case of rain exposure, please dry the unit under sun light.

Battery Indicator
While in use, digital LED meter displays remaining battery power

Power Control
Battery management technology auto-switches to low-power mode when battery is running dry, yielding 5 hours of additional light.

DURABILITY

Sun King™ Pro 400 is built to last in tough environments. Its longer-lasting, quality-tested components set the gold standard for its product lifetime.

BATTERY LIFE

On average, day-to-day use, the Sun King™ Pro 400 requires charging once every two days. Expect it to last 5-6 years when used at this rate. With daily total discharge and recharge, which is rare, it will last 5 years. The battery in the Sun King™ Pro 400 is 50% bigger than in previous Sun King™ Pro lanterns.

LED's

The LEDs produce bright illumination while consuming low power, achieving a light run-time of 100 hours and brightness levels of 400 lumens – 40X brighter than kerosene.

HAPPY USERS, AROUND THE WORLD

Present in 40+ countries, the Sun King™ family of products addresses immediate needs of households without electricity around the world. High product quality and attention to durability ensure that Sun King™ customers can enjoy the reliable performance for years and years around the world. The Sun King™ family strives to create an environment that empowers users to reach their potential and grow into happier, healthier and more productive people.

ENERGY EVERYONE CAN AFFORD
